About The Home Handyman magazine:

The Home Handyman magazine is a specialized DIY publication and caters for a well-defined niche market since November 1993. The magazine equips its readers with relevant DIY information, knowledge and skills.

Editorial includes new products for DIY'ers, along with projects, home improvement ideas and expert advice. Expert advice from various fields (such as adhesives, abrasives, power tools, welding, plumbing, paint, lighting, waterproofing, wood and metalworking), provides readers with simple, cost effective solutions and methods in a series of practical, step-by-step features that are comprehensively illustrated. All projects feature local products and metric measurements, making the ideas easy to implement.

The views expressed in this publication are not necessarily those of the publisher or its agents. While every effort is made to ensure the accuracy of the contents of this magazine, neither the editor nor the publisher can be held responsible for any omissions or errors. Images used are for illustration purposes and are not endorsed by The Home Handyman. Every care has been taken to ensure that all the information and projects presented in this publication are accurate, reliable and safe. It should be noted, however, that the ideas for design and product use are presented as suggestions only! The editor strongly advises that the reader check local by-laws and consult a qualified professional before undertaking any project and cannot be held responsible for any loss, damage, injury or death resulting from any information contained here.
